Jones Chemicals sits in the middle of our community.

Join local leaders and residents to discuss chemical risks, emergency preparedness and protecting the health and safety of our neighborhoods.

HEAR FROM

Councilmember Tim McOsker, District 15

Del Amo Action Committee (DAAC)

WHAT WE WILL DISCUSS

- Chlorine gas storage and transportation
- Community health and safety concerns
- Emergency preparedness and response planning
- Environmental justice and community impacts
- Solutions, public policy, regulatory oversight and accountability

YOUR VOICE MATTERS.

Ask questions, share concerns and help protect our families, schools, workers and neighborhoods from chemical incidents.

Protecting our community starts with being informed.
